

PROFESSIONAL SERVICES (DEFENCE)

About Us

Founded in 2007, a 100% Australian, family and veteran owned professional services business.

We assist buyers and sellers to make better procurement decisions primarily for the Defence sector.

Our Mission

To solve problems and deliver solutions for our customers.

Our Vision

Make complex simple.

A lot of companies try to introduce complexity because this increases billable opportunities...

- they make it about them.

In contrast, we believe in transparency and the sharing of knowledge and expertise and making complex simple...

- we make it about you.

Commercial & Procurement (ASDEFCON)

Expert guidance through every phase of procurement to streamline and secure your success.

Engineering & Technical Management

Delivering tailored engineering solutions that simplify complexity and drive project excellence.

Integrated Logistics/Product Support

Ensuring seamless readiness with comprehensive logistics and product support services.

Project Management

Leading projects to completion with precision, transparency, and client-focused management.

Publications Development (incl. \$1000D)

Crafting clear, compliant technical publications that enhance operational effectiveness and safety.
